DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7, 9-17 and 19-21 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-7 and 9-10 is the inclusion of the limitation that a connection configured to couple to a two wire process control loop and to carry information related to the concentration of the material and provide power to completely power the process transmitter. It is this limitation found in each of the claims, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 11-17 and 19-21 is the inclusion of the method steps of providing an output to a two wire process control loop related to the concentration of material; and completely powering the process transmitter with power received from the two wire process control loop. It is these steps found in each of the claims, as it is claimed in the combination that have not been found, taught or suggested by the prior art of record, which make the claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
